

Pre AP Algebra II
Equations,
Inequalities
and Functions

Name _____
Per _____ Date _____

Pull pages 3-6, 11-16, 73 – 88, 97

Date	By the end of the day I should know ...	Assignments
Friday 9/9	How to create and solve 1-variable equations in real world contexts.	Spring Board 1-1
Monday 9/12	How to create and solve 1-variable equations in real world contexts. Review Test 1-1	Spring Board 1-1
Tuesday 9/13	How to write, solve, and graph absolute value equations	Spring Board 1-3
Wednesday 9/14	How to write, solve, and graph absolute value inequalities	Spring Board 1-3
Thursday 9/15	Quiz How to combine functions using arithmetic operations	Spring Board 5-1
Friday 9/16	How to build functions that model real-world scenarios	Spring Board 5-1
Monday 9/19	How to write functions that describe the relationship between two quantities	Spring Board 5-2
Tuesday 9/20	How to explore the composition of two functions through a real world scenario	Spring Board 5-2
Wednesday 9/21	How to write and evaluate the composition of two functions	Spring Board 5-3
Thursday 9/22	Quiz How to find the inverse of a function	Inverse Practice with Graphs
Friday 9/23	How to write the inverse using the proper notation	Inverse Practice with Graphs
Monday 9/26	How to determine if functions are inverses of each other and graph to identify the symmetry	Inverse Practice with Graphs
Tuesday 9/27	Practice / Review	Review
Wednesday 9/28	Test 1-2	

This schedule is subject to change.
